

GOBLIN WEEK

Andy Chase

$\text{♩} = 90$

The gob- lins have all come to town; it's gob- lin week a- gain! They're

on the streets and in the halls; it's gob- lin week a- gain! In

se- ven days they'll go a- way and leave us all a- lone, but

in the mean-time wel- come all the gob- lins to your home.
